POINT PLEASANT, WEST VA.

FATAL ACCIDENT.—Mr. Thomas Spencer, one of the men working on the Kanawha river bridge, slipped, on the 27th inst., and fell a distance of fifty-six feet, striking his head against a piece of timber below, crushing his skull terribly, and producing instant death. The body was taken charge of by Mr. Andrew Baird, the bridge contractor, and by our undertaker, Mr. Jacob Kuhn, and taken to Middleport, Ohio, for interment. Mr. Spencer, we learn, leaves a wife and two children to mourn the death of husband and father, whom we learn was industrious, upright and honorable.

Our old friend Wm. H. Wallis, of Mercer's Bottom, has recently had a queer experience with railroads. First, his family horse broke his leg crossing a trestle; second, he broke his own leg in a cattle-guard; third, his riding horse was chased a mile by a gravel train, and finally leaped a trestle sixteen feet wide without injury. Next, we expect to hear of the engine chasing the family cat into the house and up into the "loft." But still, we congratulate him that matters are no worse, and hope that he will soon recover from his own personal injury, and come to town and have his usual good time with the boys.

In this mountain State, as large as all of New England, we have some very fine towns and a half dozen cities, the largest being Wheeling. But the time is approaching, and rapidly too, when Point Pleasant, at the mouth of the Great Kanawha, will be the largest city in the State, and the greatest railroad, manufacturing and commercial centre in the Ohio Valley. Her railroads, her bridges, and the improvement of the Great Kanawha is bound to make her, and croakers and fogies cannot keep her back. With the bright future before our people, why should we not be enterprising, liberal and happy.

At a meeting of the stockholders of the Kanawha Lumber and Furniture Company, held January 27th, 1888, the following Board of Directors were elected for the ensuing year, viz: J. J. Bright, T. Stribling, J. S. Spencer, C. Schon and E. Schon. The Board organized by electing J. J. Bright, President; E. Schon, Secretary, and T. Stribling, Treasurer. Some of the older members have retired, and some of the smaller stockholders have become more largely interested in this company, and hereafter will take a more active part in its business affairs. Such arrangements have been made as will enable the company to continue its business with better prospects of success. The community is to be congratulated upon having this important enterprise placed once more upon a training basis, and the individuals who have exerted every effort to maintain the business, deserve the thanks of the people at large.

SUICIDE.—Geo. Chandler, of Arbuckle, who was employed on Capt. J. Bob McGuffin's farm, on last Wednesday committed suicide in the public road, by shooting himself through the head with a shot gun. Domestic troubles seem to have been the cause of the rash act. The suicide leaves a wife and two children to mourn his untimely end.

The chief editor of this paper was fifty-three years of age last Monday—is over six feet high in his stocking feet, weighs over two hundred pounds, hale and hearty, big souled, big feet, big fists, and able and willing to cope with either Sullivan or Kilrain at a moment's notice, and especially if they were angered delinquents.

Since our last issue Chas. W. Phelps reports the following claims for increase pensions for this vicinity: Geo. Mourning, from ten to sixteen dollars; John A. Boggess, from four to eight dollars; Samuel Smith from six to eight dollars; Edward Lewis, from eight to twelve dollars. All of the above were members of the 13th W. Va. volunteers.

Don't smoke while riding in a load of corn fodder or hay. A couple of young men near this place were riding on a load of fodder, both smoking. Sparks from their pipes set the fodder on fire and as the wind was high the fodder and wagon were soon destroyed. The horses were saved with considerable difficulty.

Messrs. D. W. Finch & Co., of Marietta, Ohio, are here for the purpose of contracting for wells, and can be found at the Stortz House.

Don't you think the paper that puffs your business, and puffs your town, is entitled to whatever work you may have to do, instead of sending it off to some foreign office?

Mr. Editor: In reading the Gazette, of last week, I saw a little communication asking Mr. D. S. Snyder, one of the candidates named for Mayor of this town, how he stood on the license question? Would it not be fair for the same question to be put to the other candidate, Major W. H. Tomlinson? Now, Major, how do you stand as to license? Are you for or against license?

Ohio River Road's Extension.—Beginning February 1, the Ohio River Railroad Company will run one train daily, except Sunday, each way between Point Pleasant and Huntington. Train No. 1, leaving Wheeling in the morning, will run through to Huntington. Train No. 4 will leave Huntington in the morning and will reach Wheeling that evening. The bridge across the Great Kanawha will be completed about March 1st. Until that time a transfer will be made at Pt. Pleasant.

Our young friends Bryan & Young, the grocers, being tired of seeing the editor of this paper going around with his boots unblackened, presented this office with a blacking-brush and a box of blacking. They knew what to give. But aside from this, these young men are pushing, energetic and obliging gentlemen, and because of their popularity and honest dealing, are doing an immense business. They have a fine stock of groceries, and no firm in town sells cheaper than they do. Give them a call.

The ladies of the Power Presbyterian church will give a Lunch and Social, from 7 to 10 o'clock, P. M., at the residence of Mr. B. Gilmore, next Wednesday, February 1. The Lunch will consist of meats, hot rolls, coffee, etc., and ice cream and cake. Mrs. D. W. Polesley will be present and render some fine instrumental and vocal music. 25 cents for lunch. Everybody invited to attend.

Mr. Jeremiah Yaeger, of Ten Mile, also lost a valuable Hambletonian colt, from the same disease.

It would be a good idea to have a large photograph taken of the four hundred barges, and over twenty steamboats, now harbored in the Kanawha river at this place, and sent to the committee on Rivers and Harbors, at Washington, to urge an appropriation for the early completion of the Government improvement of the Kanawha.

Some people who think West Virginia is not good enough for them, ought to have been out West during one of the recent blizzards. In a country where a man will freeze to death going from his house thirty or fifty feet to his stable, a West Virginian would have his enthusiasm cooled off.

Notice to Tax-Payers.
Parties who have not paid their corporation tax must be prepared to do so between the 1st day of February, 1888, and the 10th of March, 1888, both in the extension of the town, and the town proper, and all taxes not paid by the time named, will be compelled to collect, as the law prescribes.

In Memoriam.

Blanche Buffington, daughter of George C. and Mary S. Bowyer, was born on the 13th day of January, 1861, was married to Dr. William J. O'Neill September 29th, 1880—died January 20th, 1888, at her home in Hurricane, aged 27 years and seven days.

It is indeed peculiarly sad that one so modest, kind and gentle should be called upon to pass over the dark and silent river of death just in the prime of life. The fact of her husband's decease, just a month before, and her own death to follow so soon thereafter, surrounds their departure with a deeper tinge of sadness and sorrow, and causes all relatives, acquaintances and friends to pause, to ponder and drop a tear of sympathy over the graves of these loved ones gone before. Blanche was indeed a kind friend, a loving, faithful wife, a true, noble, pure woman, whose brow was adorned by all those ennobling virtues which might well sparkle in the diadem of an angel. Purity of motives and purity of action, ever characterized her cause through life, and when her beautiful form was clothed in the habiliments of the grave, and cold in the icy embrace of remorseless death, we can predict with more than ordinary certainty, that when the "graves shall open and the sea give up its dead," her sanctified and spiritualized body will be borne on angelic wings over heaven's high battlements to dwell forevermore around the throne of the everlasting God, plucking bright and beautiful flowers on Eternity's shore and basking in the pure sunlight of love; amid the untold beauties of Paradise; in the realms of endless day.

"Why do we mourn departing friends, Or shake at death's alarm? 'Tis but the voice that Jesus sends, To call them to His arms."

Herewith announces to his many patrons and to the public in general, that though he has disposed of lots of goods during the recent Auction Sales, did no succeed to close out his very large Stock of Goods on account of the manifest scarcity of money, and therefore suspended said sale for the time being, until some future time when money will be a little plentier. Proper Notice will be given as to date of Future Clearance Sales. Meanwhile I will continue to offer at private sale my entire fine stock of—

Ladies' and Gents' Gold, Silver, Silverine and Nickel Watches, Gold, Role Plated and Silver Chains, Diamond, gold gem set, plain and band rings, necklaces, bracelets, pins, eardrums, cuff buttons, charms and jewelry in general, silverware, knives, spoons and Forks, clocks, spectacles, gold pens, violins,

&c., and we sell them at prices that will enlist the interest of anyone who desire such goods to call at my store, examine goods, compare quality, and prices before purchasing elsewhere.

My long business career of honest and fair dealing should be a sufficient guarantee to all whom it may concern that I mean and will do just as I say and advertise, as to representation and guarantee of goods sold notwithstanding some have taken the liberty to question these facts during my recent and above mentioned sales. To them I will say that only ignorance or persons guilty of such crimes themselves, who love improper gains more than veracity can be guilty of such criminal insinuations and I will leave this matter to the general public who have been dealing with me for the past thirty years for decision between us. I am anxious to change my business on account of impaired health, brought on by too much confinement peculiar to my business. In due time my business stand and store building (which by the way is my own property) will be occupied by a gentlemanly and responsible Jeweler and fine workman as my successor and in whose business I will maintain an interest to operate together with my Real Estate as a collateral for the protection in good faith of all guarantees given by me, either during my auction sale or previous or hereafter. Watches, Jewelry, Clocks, &c., will be as heretofore repaired in workmanlike manner, prompt and reasonable charges and warranted.
